MEMORANDUM FOR: [REDACTED]

ATTENTION :

SUBJECT : Miscellaneous Items

1. We appreciated the kind remarks regarding the map support to the TFP. Currently we are devoting considerably more hours to this program than in previous years. The preparation of these strip maps is keeping one person busy on a full time basis. We hope to reduce this in the future as we just don't have the man-hours to spare.

2. I am happy to report that your promotion was effective the 22nd of February. We feel you have done a fine job to date and hope this recognition will carry with it a feeling of added responsibilities. Congratulations!

3. Sorry to report that my TDY plans fail to clarify as yet and I therefore can not suggest dates. Certainly you should not concern yourself unduly in making your own plans for the next 6 months.
